

Metro and Caltrans invite you to a project update meeting about the High Desert Corridor.

The project proposes to link the SR-14 in Los Angeles County with SR-18 in San Bernardino County. In late 2010, Metro and Caltrans began preparing the Draft Environmental Impact Statement/Environmental Impact Report (Draft EIS/EIR) for the Project.

Please join us to receive a status report on the study.

Based on the feedback received at previous meetings and further technical analysis, the project team would like to update you on the potential alignments, variations, and next steps.

Please plan on attending one of the open houses that is the most convenient for you; the material presented at all meetings will be identical. If you're interested in participating online via the internet, note the Ustream* information below.

MEETING TIMES

Tuesday, January 24, 2012, 6-8pm

Twin Lakes Community Church
17213 Lake Los Angeles Av
Palmdale, CA 93591
