

Regular Meeting of the Board of Directors Tuesday, May 26, 2015 10:00 a.m.

Antelope Valley Transit Authority Community Room 42210 6th Street West, Lancaster, California www.avta.com

AGENDA

For record keeping purposes, and in the event that staff may need to contact you, we request that a speaker card, located at the Community Room entrance, be completed and deposited with the AVTA Clerk of the Board. This will then become public information. Please note that you are not required to complete this form or to state your name in order to speak. A three-minute time limit will be imposed on all speakers other than staff members.

In accordance with the Americans with Disabilities Act of 1990, if you require a disability-related modification or accommodation to attend or participate in this meeting, including auxiliary aids or services, please contact the Clerk of the Board at (661) 729-2206 at least 72 hours prior to the scheduled Board of Directors meeting.

Limited English Proficiency (LEP) persons, if you require translation services, please contact the Clerk of the Board at (661) 729-2206 at least 72 hours prior to the meeting.

Please turn off, or set to vibrate, cell phones, pagers, and other electronic devices for the duration of this meeting.

CALL TO ORDER

PLEDGE OF ALLEGIANCE

ROLL CALL:

Chairman Marvin Crist, Vice Chair Dianne Knippel, Director Steve Hofbauer, Director Fred Thompson, Director Angela Underwood–Jacobs, Director Michelle Flanagan

APPROVAL OF AGENDA

PUBLIC BUSINESS - AGENDIZED AND NON-AGENDIZED ITEMS:

If you would like to address the Board on any agendized or non-agendized item, you may present your comments at this time. Please complete a Speaker Card (available as you enter the Community Room) and provide it to the Clerk of the Board. Speaking clearly, state and spell your name for the record. State law generally prohibits the Board of Directors from taking action on or discussing non-agenda items; therefore, your matter will be referred to the Authority's Executive Director for follow-up. Each speaker is limited to three (3) minutes.

SPECIAL REPORTS and PRESENTATIONS (SRP):

During this portion of the meeting, staff will present information that would not normally be covered under regular meeting items. This information may include, but is not limited to budget presentations, staff conference presentations, or information from outside sources that relates to the transit industry. These items are for discussion purposes only and do not require Board action.

- SRP 1 PRESENTATION OF TRANSDEV OPERATOR OF THE MONTH AND EMPLOYEE OF THE MONTH FOR APRIL 2015 HECTOR FUENTES, TRANSDEV
- SRP 2 FEDERAL LEGISLATIVE UPDATE FOR MAY 2015 JUDY FRY

 Recommended Action: Receive and file the Federal Legislative Update for May 2015.
- SRP 3 STATE LEGISLATIVE UPDATE FOR MAY 2015 WENDY WILLIAMS

 Recommended Action: Receive and file the State Legislative Update for May 2015.
- SRP 4 UPDATE ON OPERATOR AUDIT PROGRAM LEN ENGEL

 Recommended Action: Receive and file the update on the Operator Audit Program.

CONSENT CALENDAR (CC): Items 1 through 7 are consent items that may be received and filed and/or approved by the board in a single motion. If any member of the Executive Board wishes to discuss a consent item, please request that the item be pulled for further discussion and potential action.

- CC 1 BOARD OF DIRECTORS MEETING MINUTES FOR APRIL 21, 2015 KAREN DARR Recommended Action: Approve the Board Meeting Minutes for April 21, 2015.
- CC 2 BOARD OF DIRECTORS MEETING MINUTES FOR APRIL 28, 2015 KAREN DARR Recommended Action: Approve the Board Meeting Minutes for April 28, 2015.

CC 3 FINANCIAL REPORTS FOR MARCH AND APRIL 2015 – COLBY KONISEK

Recommended Action: Receive and file the Treasurer's Report for the month ended March 31, 2015; the Payroll History Report for the three months ended April 30, 2015; the Cash Disbursements Reports for the months ended March 31 and April 30, 2015 the Interim Financial Statements for the 6 months ended March 31, 2015; and the Fiscal Year-to-Date Budget versus Actual Report for the month ended March 31, 2015.

PUBLIC BUSINESS FROM THE FLOOR:

There was no public business presented.

MISCELLANEOUS BUSINESS - NON-AGENDA ITEMS:

There were no miscellaneous business – non-agenda items presented.

SPECIAL REPORTS and PRESENTATIONS (SRP):

SRP 1 PRESENTATION OF TRANSDEV OPERATOR OF THE MONTH AND EMPLOYEE OF THE MONTH FOR MARCH

Transdev General Manager Hector Fuentes presented a plaque to the Operator of the Month Henry Smith and announced that the Employee of the Month was Jeremy Bretschneider; however, Mr. Bretschneider was unable to attend the meeting.

Mr. Fuentes introduced Transdev's new Safety and Training Manager William Jackson.

SRP 2 PRESENTATION OF AVTA EMPLOYEE OF THE QUARTER FOR JANUARY 1 THROUGH MARCH 31, 2015

Director of Operations and Maintenance Len Engel presented a plaque to Facilities Superintendent Keith Keevil, AVTA's Employee of the Quarter.

SRP 3 PRESENTATION OF GOVERNMENT FINANCE OFFICERS ASSOCIATION (GFOA) CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING FOR 2014 COMPREHENSIVE ANNUAL FINANCIAL REPORT

Mr. Engel presented the GFOA's Certificate of Achievement for Excellence in Financial Reporting to Finance Director Colby Konisek and the finance staff for their work on the 2014 Comprehensive Annual Financial Report.

SRP 4 FEDERAL LEGISLATIVE UPDATE FOR APRIL 2015

Grants Administrator Judy Fry updated the Board regarding federal legislation. The Board briefly discussed this item and requested that a staff member attend the Antelope Valley Republic Assembly dinner on May 5, 2015.

SRP 5 STATE LEGISLATIVE UPDATE FOR APRIL 2015

Director of Communications Wendy Williams provided an overview of the Cap and Trade Program for the new Board members and reported on the recent developments regarding Senate Bill 9 – Transit and Inner City Rail Capital Program, Assembly Bill 227– Transportation Funding, and Assembly Bill 318 – Lost Property. The Board discussed the digital advertising program and how the public would be notified regarding recovered property over \$250. Ms. Williams was directed to provide a copy of the letter opposing SB 9 to the Board members.

SRP 6 COACH OPERATOR PERFORMANCE AUDIT RESULTS FOR JANUARY AND FEBRUARY 2015

Senior Transit Analyst Dietter Aragon and Moore & Associates Project Manager Jose Perez presented the audit results for January and February 2015. Mr. Fuentes provided details regarding how Transdev is addressing operator courtesy issues. The Board discussed the methods used to collect data and the operator courtesy metric. Staff was directed to provide the Board with 1) the audit questionnaire; 2) a comparison of current and previous quarterly audit results; 3) historical data comparing the scores given by temporary staff and Moore & Associates staff; and 4) Moore & Associates contract. The Board directed Mr. Aragon to include the contract on the next Board agenda as an actionable item and directed Ms. Williams to submit a press release listing the drivers who received perfect ride checks.

The Board took a break at 11:00 a.m. and returned at 11:08 a.m.

SRP 7 FY16 DRAFT BUSINESS PLAN

Director of Finance Colby Konisek presented the primary assumptions, funding sources, operating expenditures and revenues, and five-year operating and capital plans for the FY16 Business Plan. Ms. Williams presented a synopsis of the Job Access Reverse Commute grant. The Board discussed the positive effect additional grant funding will have on the Capital Budget and directed staff to obtain two bids from two different insurance brokers.

Motion: Receive and file the Draft FY16 Business Plan.

Moved by Director Hofbauer, seconded by Director Thompson

Vote: Motion carried (5-0-0-1)

Yeas: Chairman Crist, and Directors Hofbauer, Thompson, Underwood-

Jacobs, and Flanagan

Nays: None Abstain: None

Absent: Vice Chair Knippel

CONSENT CALENDAR (CC):

CC 1 BOARD OF DIRECTORS MEETING MINUTES FOR MARCH 24, 2015 – KAREN DARR

Motion: Approve the Board Meeting Minutes for March 24, 2015. Moved by Chairman Crist, seconded by Director Thompson

Vote: Motion carried (2-0-3-1)

Yeas: Chairman Crist and Director Thompson

Nays: None

Abstain: Directors Hofbauer, Underwood-Jacobs, and Flanagan

Absent: Vice Chair Knippel

CC 2 FINANCIAL REPORTS FOR FEBRUARY AND MARCH 2015 - COLBY KONISEK

Receive and file the financial reports for January and February 2015.

Vote: Motion carried (5-0-0-1)

Yeas: Chairman Crist, and Directors Hofbauer, Thompson, Underwood-

Jacobs, and Flanagan

Nays: None Abstain: None

Absent: Vice Chair Knippel

REPORTS AND ANNOUNCEMENTS (RA):

RA 1 Director of Operations and Maintenance

Len Engel reported that he will be attending the APTA Bus and Paratransit Conference in Fort Worth, TX where he will be presenting information regarding the type of battery used in our electric buses and Complete Streets.

MISCELLANEOUS BUSINESS - NON-AGENDA BOARD OF DIRECTORS ITEMS:

Director Hofbauer stated that Metrolink is providing coupons to residents for two free round trip rides on the train.

Regular Meeting – AVTA Board of Directors Unofficial Minutes April 28, 2015 Page 7

ADJOURNMENT:

Director Hofbauer adjourned the meeting at 11:40 a.m. in memory of the men and women who lost their lives in the Nepal earthquake.

The next Regular meeting of the Board of Directors will be held on May 26, 2015 at 10:00 a.m. in the Antelope Valley Transit Authority Community Room, 42210 6th Street West, Lancaster, California.

PASSED, APPROVED, and ADC	OPTED this 26 th day of MAY 2015.
Marvin Crist, Chairman	
Len Engel, Acting Secretary	

Audio recordings of the Board of Directors Meetings are maintained in accordance with state law and AVTA's Records Retention Policy. Please contact the Clerk of the Board at 661/729-2206 to make arrangements to review a recording.

DATE: May 26, 2015

TO: BOARD OF DIRECTORS

SUBJECT: Financial Reports for March and April 2015

RECOMMENDATION

Receive and file the Treasurer's Report for the month ended March 31, 2015 (Attachment A); the Payroll History Report for the three months ended April 30, 2015 (Attachment B); the Cash Disbursements Report for the month ended April 30, 2015 (Attachment C); the Interim Financial Statements for the nine months ended March 31, 2015 (Attachment D); and the Fiscal Year-to-Date Budget versus Actual Report dated March 31, 2015 (Attachment E).

FISCAL IMPACT

Payroll: April payroll of \$210,266 represents an increase of \$14,521 or 7.4% from the prior

month's salary expense.

Cash Disbursement: \$3,025,790.

Interim Financial Statements: Change in Net Assets: \$719,740, which includes YTD depreciation expense of \$3,998,188.

BACKGROUND

To comply with the provisions required by Sections 37202, 37208 and 6505.5 of the Government Code, the Director of Finance prepares the Treasurer's Report, Payroll History Report, Cash Disbursements Report, Interim Financial Report and Budget versus

Actual report, and submits them to the Acting Executive Director/Treasurer who certifies the availability of funds for all the reports presented herein. These reports are hereby submitted to the Board of Directors for ratification.

AVTA's gross payroll for employees for the month of April 2015, exclusive of benefits, payroll taxes and service charges, is shown below:

Payroll Period	Amount	Journal #
04/01/15-04/01/15	\$10,052.37	PYPKT00649
04/01/15-04/01/15	\$28,562.64	PYPKT00650
03/22/15-04/04/15	\$85,629.83	PYPKT00654
04/05/15-04/18/15	\$86,021.16	PYPKT00658
Gross Pay Apr. 2015	\$210,266.00	

There was an increase of \$14,521 in payroll expense from March to April, attributable to employees' retirement and vacation/sick time cash out.

The Register of Demands authorized the issuance of warrants in the following amount:

Register Date	Amount
04/01 - 04/30/15	\$3,025,790.09

Large items include Transdev (Local and commuter invoice for February and March, 2015 - \$2,196,326), Pinnacle Petroleum (Fuel - \$266,853), Avail Tech (IT project - \$201,917), IntelliRide (DAR invoice for March 2015 - \$80,494). These items comprise 90.7% of total expenditures for the month.

As of March 2015, the total cash per the general ledger is \$21,588,467. After deducting restricted funds, the operating cash balance is \$6,795,582. The net of receivables inflows and accounts payables outflows is projected to be a net use of cash of \$2,269,084; the total expected cash available for operations in the next 30 days is \$9,064,666. The available cash is equal to 3.0 times the Authority's minimum cash balance target of \$3 million.

BUDGET TO ACTUAL SUMMARY NARRATIVE

Attachment E – Budget to Actual Report (BAR) shows the result for the nine months ended March 31, 2015.

Net Income (net of depreciation) was favorable to budget by \$2,390K.

Revenues were favorable to budget by \$1,017K.

Unearned revenue realized as revenue for the qualified expense was \$700K.

Financial Reports for March and April 2015 May 26, 2015 Page 3

Expenses were favorable to budget by \$1,373K.

Fuel expenses continue to be less than budgeted, and operating expense was lower than budgeted.

I, Len Engel, Director of Operations and Maintenance of AVTA, declare that the attached reports are accurate and correct.

^{*}DEPRECIATION EXPENSE IS EXCLUDED IN THE REPORT

DATE: May 26, 2015

TO: BOARD OF DIRECTORS

SUBJECT: FY15 Third Quarter Capital Reserves Report (January 1-March 31, 2015)

RECOMMENDATION

That the Board of Directors receive and file the attached FY15 Third Quarter Capital Reserves Report for the period covering January 1 through March 31, 2015.

FISCAL IMPACT

Total Capital Reserve contributions for FY15 were budgeted at \$460,896; all contributions have been received up to date.

BACKGROUND

The Capital Reserve account was established to set aside a capital contribution from each jurisdiction in an amount sufficient to provide local match funds of 20% of the replacement cost of heavy-duty transit and commuter coaches. Current practice is to spend reserve account funds only for the matching requirements of transit and commuter buses. The Capital Reserve account segregates the assets reserved for bus purchases and is used only when approved by the AVTA Board of Directors.

As of the report date, the Capital Reserve account has an accumulated cash balance of \$5,260,044.69 held in accounts with the Local Agency Investment Fund (LAIF) and Bank of America. The total contributed fund balance is \$5,159,461 plus \$100,582 in interest earned. All scheduled quarterly contribution payments have been received through the third quarter ending March 31, 2015.

During the five-year reporting period to date, the AVTA purchased 15 hybrid transit buses, 2 electric transit buses and 9 commuter coaches. The hybrid transit buses and 6 of the commuter coaches were delivered by September 30, 2012, the electric buses were received in September 2014, and the 3 remaining commuter coaches were received in

FY15 Third Quarter Capital Reserves Report (January 1 – March 31, 2015) May 26, 2015 Page 2

December 2014. There were no reserve requirements for the 2 electric buses, as they were purchased with local funds provided by Supervisor Michael Antonovich. The match funds required for these buses totaling \$1,911,491 were supplanted in total by FTA 5307 Formula Fund and 5316 JARC Fund Toll Credits - \$574,714, Antelope Valley Air Quality Management District - \$225,110; and Prop 1B PTMISEA - \$1,111,667.

Delivery for the three local transit buses originally scheduled for FY14 is expected by June 2015, and will be purchased using toll credits for the local match portion. The two expansion commuter coaches (funded by JARC) are also expected by June or July, 2015.

AVTA's FY16 proposed 5-Year Capital Improvement Plan assumes the purchase of an additional 15 local transit and 13 commuter buses (28 total) from FY16 to FY20. Due to reduced federal funding under MAP-21 and the increasing prices of buses, capital reserve funds will be required as local match on these units, and are included in the 5-Year Plan.

Please see the attached Capital Reserve Summary covering activity through March 31, 2015 and the Combined Jurisdiction Reconciliation Report for additional information.

DATE: May 26, 2015

TO: BOARD OF DIRECTORS

SUBJECT: Grant Status Report (February 19, 2015-May 6, 2015)

RECOMMENDATION

That the Board of Directors receive and file the attached Grant Status Report for the period covering February 19, 2015 through May 6, 2015.

FISCAL IMPACT

Grants approved after the annual budget adoption may require reallocation of funds, which will be addressed during the mid-year budget adjustment.

BACKGROUND

The attached Grant Status Report reflects all grant applications submitted on behalf of the AVTA, and all grants awarded to the AVTA for the period covering February 19, 2015 through May 6, 2015.

Submission of our Federal Transit Administration (FTA) 5307 grant application has been submitted via the FTA website and is in review status by the Los Angeles FTA regional office. Once their review is complete, the application will be forwarded to the Department of Labor (DOL) for concurrence. AVTA is not expecting any DOL delays due to PEPRA issues. The conversion of the new FTA website from Transportation Electronic Award Management (TEAM) to Transit Award Management System (TrAMS), which was anticipated to be completed by the end of March, has now been delayed indefinitely.

Staff will continue to aggressively pursue all viable grant opportunities to augment existing funding sources.

TO: BOARD OF DIRECTORS

SUBJECT: Records and Information Management Program Revisions

RECOMMENDATION

That the Board of Directors approve the Records and Information Management Program Revisions as described herein.

FISCAL IMPACT

There is no fiscal impact associated with this request.

BACKGROUND

AVTA's Records & Information Management Program (RIM) was first approved by the Board of Directors on April 26, 2004, and later revised on June 26, 2012.

Since that time, AVTA's requirements for the recording and filing of historical documents have become more complex, labor intensive and time consuming. AVTA's management determined that a centralized electronic document management system should be implemented. AVTA has subsequently purchased a document management system that will provide the means to move from a hard copy filing system to a paperless format. This will increase AVTA's ability to comply with its records retention requirements more effectively and efficiently.

The movement to a paperless system necessitated revisions to the previous RIM program. It was determined that the RIM Program's polices and schedules should be streamlined and combined into one policy that will include all records retention information in a less complex structure.

Records and Information Management Program update May 26, 2015 Page 2

The attached revised Records and Information Management Program documents and polices have been updated in accordance with the new legal and regulatory requirements. Staff will schedule destruction of documents based upon the Authority's revised Record Retention Schedule on an annual basis.

Any requests for exemption from this Program will be submitted to the Executive Director and AVTA's General Counsel for consideration. Exemptions will be granted only in accordance with the rules, regulations and objectives of the Authority's Records and Information Management Program.

Staff is asking that the Board approve the revisions to the Authority's Records and Information Management Program. It is further requested that the Board of Directors authorize the Executive Director to make any necessary changes to the Authority's Functional Filing System and Records Retention Schedule as required by governing bodies that have jurisdiction.

Prepared by:	Submitted by:
Lyle A. Block, CPPB	Len Engel
Procurement and Contracts Officer	Director of Operations and Maintenance

Attachments: A – Records and Information Management Program Policy - draft

B – Records and Information Management Program Policy Map - draft C – Functional Filing System and Records Retention Schedule - draft

Policy Title	Version / Date
Records and Information Management Policy	Version 3 / May 26, 2015
Approvals	Date
Executive Director	
[reference number, if used]	

1. Purpose

The Purpose of this Policy is to define the requirements for managing the records and information assets of the Antelope Valley Transit Authority ("AVTA") in compliance with the applicable laws, regulations, and business operational requirements.

2. Scope

This Policy applies to employees, temporary workers and contractors of AVTA who act on behalf of AVTA and who have access to, or use of, AVTA records and information assets to the extent they are involved in the creation, maintenance or storage of AVTA's records and information.

Definition of Information

This Policy governs all types of AVTA records and information created, received or distributed by AVTA in the course of its business, including, but not limited to:

- a) Paper documents, forms, reports, manuals, maps, drawings, correspondence and files;
- b) Computer-received and generated records and information in structured or unstructured format, electronic communication, and metadata;
- c) Records and information in other formats such as microfilm, videos, photographs, etc., regardless of the location or device upon which the information is stored.

3. Policy Statement

3.1. Ownership

Records and information created, received or distributed in the course or conduct of AVTA's business is the exclusive property of AVTA. Therefore, records and information are subject to compliance with this Policy, the associated Retention Schedule and any other AVTA governance requirements.

3.2. Authenticity

AVTA is committed to creating and maintaining complete, accurate, and trustworthy records and information that documents its business activities. Deliberately creating false or misleading records or information regarding AVTA's activities is strictly prohibited.

Records and information are potentially discoverable in litigation, regardless of storage medium and regardless of physical location. Records and information should not contain language that is misleading, incomplete, inaccurate, fraudulent, harassing, embarrassing, sexually explicit, profane, obscene, intimidating, abusive, libelous, defamatory, or that violates any laws or regulations.

3.3. Classification

Records and information will be created, stored and managed with the appropriate classification that enables their protection as well as necessary access for future use.

3.4. Records Management Technician

Position assists staff, coordinates and maintains the Authority's records management program and including imaging, filing, records systems, and document retention, storage, and retrieval systems; performs a variety of administrative duties in support of the assigned department; and performs related work as required.

3.5. Functional Filing and Retention

Records and information is to be retained in accordance with the Functional Filing and Retention Schedule. When records or information completes its retention period, regardless of the format, it shall be deleted or disposed of in compliance with AVTA procedures.

The Records Management Technician shall annually review all records held by AVTA. Those records designated for destruction shall be validated for accuracy and upon positive confirmation all files indicated for destruction shall be purged from the system, in accordance with this policy.

3.6. Storage

Records and information no longer considered active may be transferred to designated offsite storage facilities to fulfill retention requirements. Records and Information transferred to offsite storage are to be indexed for future access.

AVTA information should not be stored in unauthorized locations or on any personally owned devices.

3.7. Availability

Records and information must be available for future business, litigation, and investigations as necessary, regardless of storage location.

Records and information that is deemed "public" is to be made available for the public to obtain in accordance with laws and regulations.

3.8. Exiting Employees and Contractors

When an employee or a contractor leaves AVTA, the supervisor, manager or director is responsible for complying with the requirements of this Policy and any supporting procedures for retaining and managing the records and information of the exiting employee or contractor.

3.9. Suspending Retention Requirements

Records and information relevant to litigation, an investigation, or an audit and subject to a Legal Hold are to be retained and preserved until further notice from AVTA's General Counsel, or designated outside counsel, regardless of the retention period set forth in the Retention Schedule.

Records and information subject to a Legal Hold that is no longer required for active business purposes may be transferred to offsite storage facilities for preservation in coordination with AVTA's General Counsel, or designated outside counsel.

3.10. Vital Information

Records and information designated as "vital" are to be protected in a manner that establishes the priority of recovery of the data in a timely manner following a disaster or system disruption.

3.11. Recovery Backups

Disaster recovery backups are exact copies of an operating system, associated application and data created for the sole purpose of recovering data in the event of a disaster and are not subject to the requirements of the Retention Schedule because they are duplicate documents. Backups serve as a level of protection for electronic systems and the data that is stored on those systems.

3.12. Historical Records

Historical Records, as defined on the Retention Schedule, are valuable in documenting AVTA's history and providing information for researchers. Historical Records are to be preserved so as to assure their ongoing availability and access.

4. Policy Review

This Policy and the Retention Schedule may be amended or modified from time to time, as necessary, to account for changes in legal, regulatory or operational requirements for information management.

5. <u>Compliance</u>

Violations of this Policy may result in disciplinary action up to and including termination of employment. If you have questions regarding this Policy, please contact your supervisor or the Records Management Technician.

AVTA RECORDS AND INFORMATION MANAGEMENT POLICY MAP

POLICY MAP TO PROCEDURES & SUPPORTING DOCUMENTATION

Each item number on the left refers to a section in the draft Records and Information Management (RIM) Policy. In the column titled "Required Subordinate Document Name" are listed the procedures, standards, guidelines, or other reference documents that will be needed to fully implement that particular Policy requirement.

Item	RIM Policy Section	Required Subordinate Document Name	Purpose
1.	Purpose	☐ Glossary of Terms	Explanation of all the terms within the policy and any subordinate documents.
2.	Scope	☐ Convenience Information	Defines what not a Record to exclude from policy requirements.
3.	3.1 Ownership	☐ Personally Owned Device Procedure	Directs staff on the proper management of records and information on personally owned devices (e.g., smart phones, tablets, personal laptops).
4.	3.2 Authenticity	 □ Document Filing Guidelines □ Electronic Records Systems Standard □ Electronic Communication Standard □ Social Media Standard 	Directs staff on the proper management of information including electronic communication.
5.	3.3 Classification	☐ Functional Filing System	Clearly defines how information is to be classified and labeled for future access.
6.	3.4 Records Management Technician	☐ Staff Position	Clearly defines how this position performs their function.
7.	3.5 Retention	 □ Records Retention Schedule □ Change Management Procedures (for retention schedule) □ Change Management Form (for retention schedule) □ Communication Plan / RIM Event Plans □ Proper Disposition Standard □ Disposition Procedures □ Certification Form (for third parties to sign if desired) □ System / Application Decommissioning Standard 	Defines the retention requirements for records and information and the proper procedures for securing and saving information based on the requirements.

AVTA RECORDS AND INFORMATION MANAGEMENT POLICY MAP

Item	RIM Policy Section	Required Subordinate Document Name	Purpose
8.	3.6 Storage	 □ Records Storage Transfer Procedures □ Stored Records Access Procedures □ Hard Copy Records Onsite Filing Guidelines □ Offsite Storage Standard □ Offsite Storage Vendor Auditing Procedure □ Data Migration Standard 	Defines the steps for adequately storing, labeling and then retrieving inactive records and information.
9.	3.7 Availability	☐ Functional Filing System and Inventory/Indexes	Provides a method of filing documents so they can be accessed.
10.	3.8 Exiting Employees and Contractors	☐ Exiting Employee Procedure	Defines the steps for properly addressing the records and information assigned to employees who are leaving the Organization's employment.
11.	3.9 Suspending Retention Requirements	 □ Preservation Guidelines □ Legal Hold Procedures □ Legal Hold Release Procedures □ Legal Hold Notices □ Legal Hold Release Notices 	Prevents unauthorized or accidental deletion or disposal of information that is subject to a Legal Hold. These documents provide adequate direction to staff on what is expected of them.
12.	3.10. Vital Information	☐ Vital Records Protection Standard ☐ Vital Records Access Procedures (after a disaster)	Directs staff clearly on how to protect and recall vital records prior to and directly after a disruption in business.
13.	3.11. Recovery Backups	□ Disaster Recovery / Business ContinuityPlans□ DR / BC Plan Testing Protocols	Protects the organization from the inadvertent loss of information due to unforeseen loss or disruption.
14.	3.12 Historical Records	☐ Historical Records Standard ☐ Preserving Historical Records Procedure	Defines the criteria for declaring a record as Historic, and directs staff in the proper protection of historical records.

AVTA RECORDS AND INFORMATION MANAGEMENT POLICY MAP

Item	RIM Policy Section	Required Subordinate Document Name	Purpose
15.	All Sections	☐ Toolkit for Records Management Technician / Coordinators / Liaisons / staff to use handbooks, forms, posters, RRS Calculator, Talking Points, etc.	Enables Records Management Technician / Coordinators / Liaisons to more effectively support AVTA's Global RIM Program.
16	All Sections	 □ Training Standard □ Training Slides / Course Materials □ RIM Program Communication Plan □ Frequently Asked Questions (FAQs) □ New Hire Orientation Training □ Records of Exiting Employee Procedures 	Informs staff of rules and requirements along with clearly defining the expectations of employees.

5/20/2015 Page 11 of 11

DATE: May 26, 2015

TO: BOARD OF DIRECTORS

SUBJECT: Fiscal Year 2016 (FY16) Public Transportation Modernization, Improvement

and Service Enhancement Account (PTMISEA) Bond Program

RECOMMENDATION

That the Board of Directors adopt Resolution No. 2015-007, the "Authorization for the Execution of the Certifications and Assurances for the Public Transportation Modernization, Improvement and Service Enhancement Account (PTMISEA) Bond Program" (the "Authorization").

FISCAL IMPACT

Adopting Resolution No. 2015-007 authorizes the Director of Operations and Maintenance, on behalf of AVTA and the Board of Directors, to sign the certifications and assurances and any other required documents as they relate to the Authorization. This resolution specifically identifies the project and dollar amount included in the application.

BACKGROUND

AVTA receives annual apportionments from the PTMISEA Bond Program. In order for AVTA to receive the funds, the AVTA Board is required to adopt a resolution certifying who the agency authorizes to execute all necessary documents related to this funding source. Adopting Resolution No. 2015-007 would authorize the Director of Operations and Maintenance to sign, on behalf of AVTA and the Board of Directors, the certifications and assurances and any other required documents as it relates to the PTMISEA Grant Program for FY 2015/16. Prop 1B PTMISEA funds are not always available during the year of allocation as they are dependent on state bond sales. The agency has been notified they are accepting allocation requests through June 30, 2015 with the next bond sale anticipated in the fall. The funds will be used in conjunction with several funding sources such as FTA 5307, Measure R Clean Fuels, and AVAQMD's AB2766, to partially fund the AVTA's Rolling Stock Replacement Program.

BOARD OF DIRECTORS

ANTELOPE VALLEY TRANSIT AUTHORITY

RESOLUTION #2015-007

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE ANTELOPE VALLEY TRANSIT
AUTHORITY AUTHORIZING THE EXECUTION OF THE CERTIFICATIONS AND ASSURANCES FOR
THE PUBLIC TRANSPORTATION MODERNIZATION, IMPROVEMENT, AND SERVICE
ENHANCEMENT ACCOUNT BOND PROGRAM AND SUPPORTING AVTA'S ELECTRIC BUS
REPLACEMENT PROGRAM

- WHEREAS, the Antelope Valley Transit Authority (AVTA) is an eligible project sponsor and may receive state funding from the Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA) now or sometime in the future for transit projects; and
- WHEREAS, the statutes related to state-funded transit projects require a local or regional implementing agency to abide by various regulations; and
- WHEREAS, Senate Bill 88 (2007) named the Department of Transportation (Department) as the administrative agency for the PTMISEA; and
- WHEREAS, the Department has developed guidelines for the purpose of administering and distributing PTMISEA funds to eligible project sponsors (local agencies); and
- WHEREAS, the AVTA wishes to delegate authorization to execute these documents and any amendments thereto to the Director of Operations and Maintenance, and/or the Grants Administrator.
- WHEREAS, AVTA has implemented a rolling stock replacement program in accordance with the useful life guidelines established by the Federal Transit Administration; and

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the AVTA:

- <u>Section 1</u>. The fund recipient agrees to comply with all conditions and requirements set forth in the Certification and Assurances document and applicable statutes, regulations and guidelines for all PTMISEA funded transit projects.
- <u>Section 2.</u> The Director of Operations and Maintenance be authorized to execute all required documents of the PTMISEA program and any Amendments thereto with the California Department of Transportation.

Resolution No. 2015-007 May 26, 2015 Page 2

Section 3. The Board Secreta	ry shall certify to the adoption of this Resolution.

DATE: May 26, 2015

TO: BOARD OF DIRECTORS

SUBJECT: Final Recommendation on Proposed Service Changes for June 29, 2015

RECOMMENDATION

That the Board of Directors:

- Conduct a public hearing to receive comments on the proposed AVTA service changes; and
- 2. Upon conclusion of the public hearing, approve the final recommendation on the proposed service changes.

Fiscal Impact

No significant fiscal impact. The proposed service modifications have been developed to be cost neutral.

Background

During the February 24, 2015 Board of Directors meeting, staff presented preliminary service changes. Modifications are being proposed for Routes 1, 2, 3, 5, 7 along with minor schedule adjustments to the North County TRANSporter (790) and all three commuter routes.

At the Board's direction, staff conducted a massive outreach effort. During the months of April and May, staff held five public meetings and distributed detailed brochures and flyers explaining the proposed changes at Lancaster City Park, Palmdale Transportation Center and the Antelope Valley College. All flyers and brochures were developed in both English and Spanish, inviting the public to participate.

Proposed Service Changes for June 2015 May 26, 2015 Page 2

Based upon the comments received, the initial proposals have been modified to improve connectivity and provide services more tailored to the community needs. Below are the final service recommendations on the proposed service changes.

Route 1

In preparation for the future proposed Bus Rapid Transit (BRT) project, the Route 1 will be realigned from Avenue S to Palmdale Blvd. to potentially increase ridership to a corridor with strong commercial activity and residential land use to the north and south. Service schedules have been modified and new time points have been included in order to improve connectivity.

Route 2

Route 2 is proposed to be realigned from Palmdale Blvd. to Avenue R in conjunction with the realignment of Route 1. The southern terminal point at 47th Street East and Avenue S is maintained along with service to the Antelope Valley Mall. Service schedules have been modified and new time points have been included in order to improve connectivity.

Route 3

Route 3 is proposed to be realigned from Avenue R to Avenue S in conjunction with the realignment of Routes 1 and 2. The southern terminal point at 47th Street East and Avenue S is maintained along with service to the Antelope Valley Mall and service to the Palmdale Transportation Center (PTC). Route 3 will remain interlined with Route 2 in order to maximize service efficiency.

Route 5

Route 5 was initially proposed to be realigned from Columbia Way and 50th Street West to 60th Street West and Avenue L to better serve Quartz Hill High School and the surrounding community. During the public outreach efforts residents opposed changes to the Route 5 due to the removal of service from the 50th Street West corridor in Quartz Hill. Staff recommends no changes to the Route 5.

Route 7

Route 7 is proposed to be realigned along Avenue I between 60th St. West and 30th St. West from Avenue H. New stop will be provided at 30th St. West and Avenue I (William J Pete Knight Veteran's center).

Route 786

In September 2014, JARC Grant funding was approved for commuter service expansion on all three commuter lines. During phase one, additional trips were introduced on the Routes 785 and 787 extending the morning and afternoon services. In June, the last two 786 trips will be incorporated as part of the second phase of the JARC Grant commuter expansion service.

Schedule Refinements

In addition to the route changes detailed above, schedule adjustments are also being made to the Routes 11, 12 (weekend) and 790 in order to improve connectivity and

Proposed Service Changes for June 2015 May 26, 2015 Page 3

connections between Metrolink and other local services.

The proposed service changes for June 29, 2015 will be a cost neutral solution. The changes focus on improving route directness, reducing travel time and improving service transferability. All proposed changes will maintain frequencies and connectivity along all current corridors. Service is proposed to be removed from unproductive corridors with the changes well below the 25% service change guideline. Routing and service connectivity is being improved with no disproportionate impacts on minorities or Limited English Proficiency (LEP) communities.

Pending Board approval, these proposed service changes would be implemented on June 29, 2015.

DATE: May 26, 2015

TO: BOARD OF DIRECTORS

SUBJECT: Proposed Fare Structure Recommendations

RECOMMENDATION

That the Board of Directors:

- 1. Conduct a public hearing to receive comments on the proposed AVTA fare changes; and
- 2. Upon conclusion of the public hearing, adopt Resolution No. 2015-006 (Attachment C) approving the proposed fare changes.

FISCAL IMPACT

The proposed fare adjustments have the potential to increase AVTA's operating revenues by approximately \$1.1 million annually.

BACKGROUND

At the November 2014 board meeting, staff provided a series of proposals for fare restructuring that were developed after a thorough fare analysis was conducted by Nelson/Nygaard Consulting Associates, Inc. The Board directed staff in March 2015 to begin an outreach effort to educate residents regarding the proposed fare structure.

An extensive outreach effort was conducted over a two month period to inform residents of the proposed fare changes. A comprehensive four-page brochure was widely distributed, detailing the proposal. Presentations were provided to seniors at the Antelope Valley Senior Center in Lancaster and at the Palmdale Legacy Commons. Brochures were handed out at Lancaster City Park and at the Palmdale Transportation Center on six occasions, including during the early morning commute hours. Presentations were also held at Desert Haven Enterprises and at the Lake Los Angeles Town Council. An evening presentation was held at the AVTA Community Room and

Proposed Fare Structure Recommendations May 26, 2015 Page 2

brochures were distributed to students at Antelope Valley College. All of the meetings were advertised through signage at the transit centers, flyers on the buses, postings on Facebook and Twitter, radio commercials and newspaper advertisements in English and in Spanish. Although some residents expressed concern over the proposed fare increase, there was general agreement that more revenue was needed to increase service levels to improve travel convenience.

A Title VI Analysis (Attachment B) of the proposed fare changes was also conducted by Nelson/Nygaard Consulting Associates, Inc. during April in accordance with requirements from the Federal Transit Administration. The Title VI Analysis is intended to protect minorities and low income citizens from being disproportionately impacted by service or fare changes. The survey findings indicate the proposed fare changes do not adversely impact one protected group of passengers over another.

The Rider Relief Transportation Program is also in the implementation process to provide discount coupons for monthly passes to both full fare and reduced fare customers pending income qualification. Staff has reached out to South Antelope Valley Emergency Services (SAVES), Grace Resource Center, Work Source Center, and Antelope Valley College to help with the eligibility process. Marketing materials have been obtained through the FAME Corporation which administers the program for the Metropolitan Transportation Authority. The program is scheduled to be rolled out by mid-June.

Fare Structure Recommendations - May 2015

Summary:

After a comprehensive study of AVTA's existing conditions, a peer review, extensive input from the community, and a Title VI Analysis, the following fare changes are recommended:

Commuter Service:

Two fare scenarios were presented to the public for input, the 20% adjustment proposal and the \$10 flat fare proposal. After an extensive outreach effort and input from commuter customers, it was determined that a third less costly proposal would be more acceptable, with the possibility of another fare increase in two more years. Staff recommends revisiting the discussion of a second fare increase on the Commuter Service in 12 months. The following fare structure recommendation marked in yellow provides for a 33% reduction over the current base fare and adjusts the monthly pass by 11%. All three scenarios recommend eliminating the TAP fare discount and reducing the cost of the base fare to varying degrees.

The revenue gain for the recommended fare structure is anticipated to reach \$150,000 annually, using a conservative estimate. The original intent of the Board of Directors was to operate the Commuter Service with a 100% farebox recovery ratio to avoid subsidizing the service and syphoning funds from the Local Transit service. The Commuter Service currently operates with a 78% farebox ratio and an additional \$150,000 in fare revenue would increase that ratio to approximately 83.5%.

Fare Types	Current	<u>Fare</u>	20%	\$10 Flat	Metrolink

North County Transporter:

The recommendation for this service is to adjust the one way base fare from \$4.00 to \$5.00. The corresponding fare pass pricing would remain the same. The North County TRANSporter was established in August 2012 through a grant from the Los Angeles County Board of Supervisors. The grant funding was exhausted as of July 1, 2014 and an adjustment to the fare is needed to offset operating costs. The revenue gain from this adjusted fare is estimated at \$15,000 annually.

Local Transit Day Pass:

The recommendation is to increase the Day Pass from \$3.75 to \$5.00 and to allow patrons to load the pass onto their TAP cards from the bus. The added convenience will likely increase Day Pass usage for customers who need to ride a minimum of four buses per day, as they would realize a \$1.00 savings. Few patrons currently use the pass because it is unavailable except through local businesses who sell AVTA passes. Because of its limited use, there is not enough data to determine the revenue loss or gain associated with adjusting the Day Pass fare to \$5.00 and allowing it to be sold on the bus.

Local Transit TAP Fare Discount:

The recommendation is to eliminate the TAP fare discount and leave the base fare at \$1.50. This will likely generate approximately \$178,000 in additional revenue while simplifying the fare structure. The intention of the two tier system was to encourage local transit customers to use the TAP card. In practice, customers tend to TAP the card on the farebox to obtain the \$1.25 fare but then pay in cash. Since this incentive pricing has proven ineffective, the recommendation is to eliminate the two tier structure. The fare study indicates 41% of Local Transit customers pay in cash and only 31% use a TAP card

Fare Structure Recommendations May 26, 2015 Page 3

to pay their fare. The remainder make up patrons from Access Services, along with veterans and seniors who ride for free and do not use a TAP card for identification. We believe selling the Day Pass on the bus will prove to be a greater incentive to use the TAP card.

Local Transit Reduced Fare:

The recommendation is to eliminate free fares and implement a Reduced Fare of 75 cents. Free fare boarding continue to increase on an annual basis and now account for approximately 53% of the system's total ridership. Boardings have increased by 30% since 2011, however, farebox revenue has declined by 1% during this same time period. In order to keep up with the growing demand for service, AVTA is recommending the free fare be replaced with a Reduced Fare of 75 cents along with a half price monthly and daily pass. Access Services would still ride free as AVTA is reimbursed on the backend for these boarding, and veterans, with proper identification, would also continue to ride for free. The revenue gain from this fare adjustment is anticipated to range between \$770,000 and \$850,000 annually. This revenue gain assumes a decrease in ridership of between 4% and 7%.

The additional revenue will also improve the Local Transit farebox recovery ratio which is currently at 13%. In order to qualify for funding, The Federal Transit Administration (FTA) requires transit systems to operate with a minimum farebox recovery ration of 20%. AVTA's Commuter Service has a 78% farebox recovery ratio which offsets the lower ratio seen on Local Transit. The implementation of the reduced fare has the potential to improve the Local Transit farebox recovery ratio substantially with estimates as high as 20%. This would bring the Local Transit Service in line with the Federal Transit Administration's ratio requirements without out having to rely on the Commuter Service farebox ratio.

Fare Types	Current Fare	Recommended Fare
Base Fare	Free	.75
Monthly Pass	Free	\$25.00
Day Pass	Free	\$2.50

Implementation Date:

It is recommended the implementation date be set for June 29, in order to coincide with the new fiscal year which begins on July 1. Furthermore, implementation dates are best scheduled for Mondays in order to facilitate operational needs on the part of Transdev.

BOARD OF DIRECTORS

ANTELOPE VALLEY TRANSIT AUTHORITY

RESOLUTION NO. 2015-006

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE ANTELOPE VALLEY TRANSIT AUTHORIZING AND APPROVING CHANGES TO THE COMMUTER AND LOCAL TRANSIT FARE STRUCTURES

THE BOARD OF DIRECTORS OF THE ANTELOPE VALLEY TRANSIT AUTHORITY RESOLVES AS FOLLOWS:

<u>Section 1</u>. Following a noticed public hearing process and the Board's consideration of comments, the Board authorizes and approves the following fare changes, which will become effective no later than June 29, 2015:

- Adjust the Local Transit Day Pass from \$3.75 to \$5.00 and allow the Day Pass to be purchased on the bus via the TAP card.
- Adjust the Local Transit Reduced Fare from free to .75 cents
- Provide a Senior/Disabled half-price Reduced Fare for all multiple-ride passes
- Eliminate the TAP Fare Discount on the Commuter and Local Transit Services
- Adjust the one way trip fare from \$4.00 to \$5.00 on the North County TRANSporter

• Adjust the Commuter Service fares as follows:

Fare Types	Current Fare	Fare Recommendation
785 One Way Cash	\$14.00	\$9.25
785 One Way TAP	\$7.60	\$9.25
785 Sr/Dis Cash	\$7.00	\$4.50
785 Sr/Dis TAP	\$3.80	\$4.50
785 AVTA Mo Pass	\$266.00	\$296.00
785 EZ Pass (10)	\$330.00 <	\$330.00
785 Sr/Dis AVTA Mo Pass	\$133.00	\$148.00
785 Sr/Dis EZ Pass (10)	\$137.00	\$165.00
785 10 Trip	\$76.00	\$85.00
785 Sr/Dis 10 Trip	\$38.00	\$42.50
786 One Way Cash	\$16.00	\$10.75
786 One Way TAP	\$8.85	\$10.75
786 Sr/Dis Cash	\$8.00	\$5.25
786 Sr/Dis TAP	\$4.40	\$5.25
786 AVTA Mo Pass	\$310.00	\$344.00
786 EZ Pass (11)	\$352.00	\$354.00
786 Sr/Dis AVTA Mo Pass	\$155.00	\$172.00
786 Sr/Dis EZ Pass (11)	\$146.50	\$177.00
786 10 Trip	\$88.50	\$99.00
786 Sr/Dis 10 Trip	\$44.00	\$49.50
787 One Way Cash	\$14.00	\$8.75
787 One Way TAP	\$7.10	\$8.75
787 Sr/Dis Cash	\$7.00	\$4.25
787 Sr/Dis TAP	\$3.55	\$4.25
787 AVTA Mo Pass	\$249.00	\$280.00
787 EZ Pass (9)	\$308.00	\$308.00
787 Sr/Dis AVTA Mo Pass	\$124.50	\$140.00
787 Sr/Dis EZ Pass (9)	\$127.50	\$154.00
787 10 Trip	\$71.00	\$80.00
787 Sr/Dis 10 Trip	\$35.50	\$40.00

Resolution No. 2015-006 May 26, 2015 Page 3

<u>Section 2</u>. The fare changes referenced in Section 1 will remain in effect until such time that the Board of Directors directs staff to schedule a public hearing for the purpose of amending the fare schedule.

<u>Section 3</u>. Title VI Consideration; this service change is categorized as a fare change as defined in the AVTA Title VI Program Specific Requirements, Chapter 4. A Title VI Analysis has been conducted and the survey findings survey indicate the fare changes do not disproportionately impact minorities or low income passengers.

Section 4. The Secretary of the Board shall certify to the adoption of this resolution.

PASSED, APPROVED and ADOPTED t	his 26 th day of MAY 2015 by the following vote:
AYES:	
NAYS:	
ABSTAIN:	
ABSENT:	
	Marvin Crist, Chairman
ATTEST:	APPROVED AS TO FORM:
Len Engel, Acting Secretary	Lancaster City Attorney as Special Counsel Allison E. Burns

DATE: May 26, 2015

TO: BOARD OF DIRECTORS

SUBJECT: FY16 Workers' Compensation, Property and Casualty Insurance Policies

under Contract #2013-022 with Vinsa, Inc.

RECOMMENDATION

That the Board of Directors authorize the Director of Operations and Maintenance to spend an amount not to exceed \$356,000 under Contract #2013-022 with Vinsa, Inc. Vinsa is AVTA's Insurance Broker of Record for the various Authority's FY16 insurance coverage amounts listed in the Policy Comparison FY15 to FY16 (Attachment A).

FISCAL IMPACT

Sufficient funds have been included in the FY16 Business Plan to pay for these services.

BACKGROUND

In accordance with AVTA's Procurement Policies, staff released a Request for Proposals (RFP) in 2013, seeking proposals from experienced and qualified insurance brokerage firms to provide risk management and insurance procurement services for the Authority's workers' compensation, property and casualty insurance for a five-year term.

Vinsa, Inc. of Lancaster, CA was selected as the Authority's Insurance Broker of Record to provide professional consulting services regarding insurance issues arising during the contract term. AVTA's insurance policies have been aligned to renew annually each fiscal year to simplify administration.

FY16 Workers' Compensation, Property and Casualty Insurance Policies under Contract
#2013-022 with Vinsa, Inc.
May 26, 2015

Page 2

Attachment A compares current year policies and final costs to the proposed policies and estimated costs for FY16. Depending upon final invoices for various required coverage amounts, Vinsa estimates a premium increase of \$15,000 over FY15. FY16's coverage includes two new polices for flood (as required by FTA) and terrorism.

RE: AVTA Insurance program 2015-2016

Dear Lyle,

As we recently discussed, we would like to provide you with a brief overview and projection of AVTA's insurance program for the upcoming year.

Below you will find an overview of the 2014-2015 insurance program along with a projection for the 2015-2016 program year.

Coverage	2014-2015	2015-2016	% of Change
General Liability	\$23,058	\$23,058	0%
Employee Benefits Liability	300	300	0%
Automobile Insurance	17,822	18,165	1.9%
Excess Liabilty	70,578	70,607	0.04%
D&O/EPLI – Public Entity coverage	17,305	16,262	-6.03%
Cyber Liability	1,239	1,363	10.0%*
Property & Inland Marine	61,146	61,294	0.24%
Crime	5,964	5,996	0.54%
DIC/Earthquake	67,855	54,316	-19.95%
Flood for DIC Policy	141	714	100%
Terrorism for DIC Policy		17,775	100%
Workers' Compensation	62,066	67,566	8.9%
Pollution	6,950	11,830	70.0%*
TOTAL	334,283	349,246	4.48%

Please note items marked with * represent figures that are not finalized for the renewal premium and have been projected with a 10% increase although we expect the renewal to be finalized with much less of an increase. The projected figures are subject to changes that have occurred during the program year, such as addition/deletion of a vehicle, change in property limits, payroll, etc.

Regarding Pollution, the increase in premium reflects a 10% increase as noted above as well as it is comparing the amount paid for two years versus the renewal premium for a three year term. AVTA joined the pollution program in 2013 instead of the policy's full term of 2012-2015. The percentage of increase is skewed by this difference. Had AVTA joined the program in 2012 the three year premium would have been \$10,449.90, which would then reflect an increase for this term of 3.2% in addition to our estimated amount.

The annual premium for the DIC/Earthquake coverage received a considerable decrease in rate and we then added Flood and Terrorism coverage per your request. The flood coverage has been provided with a \$10,0000,000 sublimit. We have also provided an additional quote for DIC that offers Earthquake, Terrorism, and Flood for \$59,204.79. The alternate option was sent in a separate proposal.

While we are very comfortable with the current insurance program in place for AVTA, we do believe that it would be prudent to explore higher liability limits due to the nature of your operation. If there is a desire to look at higher excess liability limits, please let us know.

If there is a desire on the part of AVTA's board and/or management to meet and review the insurance program please let us know.

Thank you,

John Massari

TO: BOARD OF DIRECTORS

SUBJECT: Change Order No. 1, to Arrow Engineering Services, Inc., under Task Order

No. 1, of Master Contract #2014-46, for Final Design and Bid Specifications

for Two WAVE En-route Charging Stations

RECOMMENDATION

That the Board of Directors authorize the director of operations and maintenance to execute Change Order No. 1 for a total amount of \$265,080, plus expenses to Arrow Engineering Services, Inc., of Lancaster, CA. This change falls under Task Order No. 1 of Master Contract #2014-46 for the final design and bid specifications for two WAVE enroute charging stations, one each at Lancaster City Park and the Palmdale Transportation Center.

See Attachment A – Arrow's Final Design Proposal for Lancaster City Park (\$131,790), and Attachment B – Arrow's Final Design Proposal for Palmdale Transportation Center (\$133,290).

FISCAL IMPACT

Sufficient funds for this project have been included in the FY15 Business Plan to pay for these required services.

BACKGROUND

The Board directed staff to continue moving toward an electric bus fleet during the February 25, 2014 Board meeting. Since that time, AVTA implemented an electric bus demonstration project and provided Arrow Engineering with a 'notice to proceed' with Task Order No. 1. Task Order No. 1 was to seek out and define the steps required to implement Wireless Advanced Vehicle Electrification (WAVE) en-route charging stations at Lancaster City Park and the Palmdale Transit Center.

Change Order No. 1, to Arrow Engineering Services, Inc., under Task Order No. 1, of Master Contract #2014-46, for Final Design and Bid Specifications for Two WAVE En-route Charging Stations

May 26, 2015

May 26, 2015 Page 2

Change Order 1 to Task Order No. 1 is to finalize engineering and create plans, specifications and bid documents for each location for WAVE's en-route charging stations. Staff will release bids for each site upon completion of the engineering, plans, specifications and bids documents.

Staff evaluated Arrow Engineering's proposal and pricing, which were found to be concise, fair and reasonable.

May 6, 2015 Job No. 14-6366-07

Lyle Block, Procurement Officer AVTA 42210 6th Street West Lancaster, CA 93534

RE: Final Design and Construction Management for inductive and wired charging facilities for electric buses at Lancaster City Park (LCP)

We are pleased to provide this proposal for engineering and management services as outlined below for the above referenced project. We understand you wish to have installed inductive charging and wired charging facilities for electric buses at LCP. We understand you will need Construction Management services to provide bid specifications for the Invitation for Bid and management of the construction of the facilities. While this project provides for two inductive and two wired units, we also understand our plans should accommodate a future total of 4 such facilities. The first two inductive charging devices will be the 50kV units. The future facilities will be designed to accommodate the new 250kV charging devices.

We plan to utilize the previous site plan developed for the discussions with the City and AVTA. Work supporting the goal of the project includes SC Edison coordination, AVTA coordination, inductive charger manufacturer coordination, wired interface manufacturer coordination, development of Civil & Electrical design plans for construction, and Construction Management including construction surveying and soils compaction inspection. Specific tasks are outlined below:

These tasks support the design plans and construction management:

- Coordinate with AVTA, manufacturers, and SC Edison
- Prepare civil design plans for construction
- Prepare electrical design plans for construction
- Prepare bid specifications for Invitation for Bid
- Prepare Engineer's Estimate for construction
- Construction Management during the bidding and construction phase

Assumptions:

- Primary location for the 4 charging stations are along the southerly side of the bus platform.
 Electrical service will be provided from Electronics Enclosure areas occupying existing parking stalls.
- We assume there will be no formal City approved Site Plan approval necessary
- We understand the City will require an application for electrical permit

Job No. 14-6366-07 Page 2

SCOPE OF WORK

TASK 1 – Coordination and Management of Design and Meetings

This task includes coordination and management for the design effort and coordination with the inductive manufacturer, the wired interface manufacturer, and AVTA.

Teleconference meetings with AVTA and the inductive charger manufacturer	4,960
Coordination with AVTA regarding final project development and status updates	3,840
Coordination with the inductive charger manufacturer and the wired interface manufacturer	2,560
Coordination with City of Lancaster Building Department to assist WAVE approvals	2,560
Coordination with Electrical Engineer	4,200

Total: \$ 18,120

TASK 2 - Update Design Survey

This task includes additional field surveying and mapping for the south side of the bus platform area.

Gather additional topographic mapping information in the field \$1,320

Data transfer into base mapping \$840

Total: \$ 2,160

TASK 3 - Coordination with SCE

This task includes coordination with SC Edison for electrical service. Task includes assistance to AVTA for the application for electrical power.

Total: \$ 2,640

TASK 4 - Grading Design Plan

This task includes the grading and drainage design plan. The plan includes pertinent design elevations of proposed facilities. This plan is part of the plans needed for construction and installation of the facilities. This plan also includes plans concerning the electrical trench to bring power up the street. The street is not a public street but a lane (City Park Way) within the LCP. Coordination with the electrical engineering subconsultant. Process plan for Agency approval.

Total: \$ 13,200

TASK 5 – Electrical Design Plan

This task includes the electrical design plans for construction of the electrical improvements. Electrical coordination with SC Edison. Process plan for Agency approval.

Total: \$ 11,500

TASK 6 – Project Bid Specifications and Engineer's Estimates

This task includes electrical and civil specifications and Engineer's construction Estimate to support the bid documents.

Total: \$ 21,500

Job No. 14-6366-07

Page 3

TASK 7 - Horizontal Control plan

This task includes a horizontal control plan for specific detailed dimensions for construction layout of proposed facilities.

Total: \$ 4,600

TASK 8 - Erosion Control Plan

This task includes the plan for erosion control measures. Plan shows vehicular access to the construction area, concrete washout area, equipment staging area and temporary construction office trailer, if any.

Total: \$ 3,680

TASK 9 - Bid Assistance and Construction Management

This task includes assisting AVTA in the bid process. Construction time is estimated at 6 months. This includes the following tasks:

Tasks included for Bid Assistance include:

Preparation of pre-bid meeting Agenda

Presence at the pre-bid meeting.

Writing addenda or amendments to the bid package.

Reviewing contractor bids.

Recommending lowest Qualified Bidder to AVTA.

Tasks included for Construction Management include:

Preparation of pre-construction meeting Agenda.

Presence at the pre-construction meeting.

Review and respond to contractor RFI's.

Contractor Schedule review and periodic site visits to review progress.

Review and recommend contractor pay requests for payment.

Final walk-through with contractor.

Produce punch list and insure project completeness.

Monitor acceptance testing.

Review and approve final close-out documentation.

Recommend acceptance of project to AVTA.

Total: \$ 25,800

Job No. 14-6366-07 Page 4

TASK 10 - Construction Surveying

This task includes construction surveying in support of the proposed construction.

Electrical conduit staked along City Park Way at 50-foot intervals 660

Transformer Pad staked with single offsets to corners of pad 220

Electrical equipment staked with offsets to corners of charging pads and locations of charging interface

660

Project coordination, calculations and provide plots and cut sheets to contractor 600

Total: \$ 2,140

TASK 11 - Material Testing and Special Inspection

This task includes the testing of soil samples for compaction curves. Task includes periodic sampling and strength testing of concrete. This task does not include inspection of electrical installations.

Soil sampling and compaction curves, testing compacted soils for compliance

Gathering concrete samples infield. Strength testing of concrete. Results reporting.

Total: \$ 17,000

12,000

5,000

TASK 12 - Traffic Control Plan and Coordination

This task includes preparation of an engineered Traffic Control Plan for the street construction in City Park Way. Plan includes a maximum of two phases. Plan will include the Traffic Control for the construction of the electrical facilities. Process plan for Agency approval. This task includes coordination with the City Park and Recreation Department and AVTA for temporary bus stop relocation.

Total: \$ 6,500

TASK 13 - Reimbursables

Budget amount for reimbursables includes copies, plots postage, travel, etc.

Total: \$ 2,950

TASK SUMMARY

TASK 1 Coordination & Management of Design & Meetings	\$ 18,120
TASK 2 Update Design Survey	2,160
TASK 3 Coordination with SCE	2,640
TASK 4 Grading Design Plan	13,200
TASK 5 Electrical Design Plan	11,500
TASK 6 Project Bid Specifications and Engineer's Estimates	21,500
TASK 7 Horizontal Control Plan	4,600
TASK 8 Erosion Control Plan	3,680
TASK 9 Bid Assistance and Construction Management	25,800
TASK 10 Construction Surveying	2,140
TASK 11 Material Testing and Special Inspection	17,000
TASK 12 Traffic Control Plan and Coordination	6,500
TASK 13 Reimbursables	2,950
Total:	\$ 131,790

Tasks and activities specifically excluded:

Fire Department Plans
Environmental Clearances
Cultural and or Biological Studies
Dust Control Plan

Billing will be on our fee schedule per our five year agreement and the hourly rates pertinent to this project are listed below:

2-man Survey Party	220.00/hr.
Travel/Mileage	0.55/mile
Bond Copies or Plots	7.00/sht.
Mylar Plots	20 00/sht

Billing rates for electrical engineering services for this project are listed below:

(Please add 15% to all values)

Project Executive/Professional Engineer In Charge	\$230.00
Project Manager	\$190.00
Project Engineer	\$165.00
Design Engineer	\$145.00

\$85.00

Computer/Data Processing \$ 70.00
Secretarial \$ 50.00

Vehicle 1.15 X Federal Rate

Computer Time Direct Cost

Travel and Living Expenses 1.15 X Direct Cost

Long Distance Telephone Calls 1.15 X Direct Cost

Reproduction Expenses (Outside) 1.15 X Direct Cost

Laboratory Testing Direct Cost

Delivery Charges 1.15 X Direct Cost

Printing Of Electronic Media 8-1/2" X 11" 1.15 X 0.26/Page

Reimbursable Expenses

Draftsman

- Reproduction of all documents, including postage and shipping charges shall be paid for at cost plus 15% for handling.

Arrow Engineering Services, Inc. is prepared to commence work immediately. The proposal and fee amount is valid from 30 days of proposal date.

We appreciate the opportunity to assist AVTA with these electric bus charging improvements. If you have any questions or wish to discuss the project, we will be happy to meet with you at your earliest convenience. We look forward to working with you on these projects.

Lyle Block, Procurement Officer AVTA 42210 6th Street West Lancaster, CA 93534

RE: Final Design and Construction Management for inductive and wired charging facilities for electric buses at Palmdale Transportation Center (PTC).

We are pleased to provide this proposal for engineering and management services as outlined below for the above referenced project. We understand you wish to have installed inductive charging and wired charging facilities for electric buses at PTC. We understand you will need Construction Management services to provide bid specifications for the Invitation for Bid and management of the construction of the charging facilities. While this project provides for one inductive and one wired unit, we also understand our plans should accommodate a future total of 4 such facilities. The first inductive charging device will be the 50kV unit. The future facilities will be designed to accommodate the future 250kV inductive charging devices.

We plan to utilize the previous site plan developed for the application for Minor Modification with the City. Work supporting the goal of the project includes incorporation of City Minor Modification Application comments, SC Edison coordination, AVTA coordination, inductive charger manufacturer coordination, wired interface manufacturer coordination, development of Civil & Electrical design plans for construction, and Construction Management including construction surveying and soils compaction inspection. Specific tasks are outlined below:

These tasks support the design plans and construction management:

- Coordinate with AVTA, manufacturers, and SC Edison
- Review and incorporate City Minor Modification Application comments
- Prepare civil design plans for construction
- Prepare electrical design plans for construction
- Prepare bid specifications for Invitation for Bid
- Prepare Engineer's Estimate for construction
- Construction Management during the bidding and construction phase

Assumptions:

- Primary location for the 4 charging stations are along the northerly side of the bus platform.
 Electrical service will be supplied from Electronics Enclosures located near the northerly property line of the Transportation Center.
- City of Palmdale Planning approval of a Minor Modification Site Plan.
- We understand the City will require an application for electrical permit.
- All permit or review fees to be paid by AVTA

Job No. 14-6366-08 Page 2

SCOPE OF WORK

TASK 1 – Coordination and Management of Design and Meetings

This task includes coordination and management for the design effort and coordination with the inductive manufacturer, the wired interface manufacturer, and AVTA.

Teleconference meetings with AVTA and the inductive charger manufacturer	6,000
Coordination with AVTA regarding final project development and status updates	3,840
Coordination with the inductive charger manufacturer and the wired interface manufacturer	2,560
Coordination with City of Palmdale Building Department to assist WAVE approvals	2,560
Coordination with Electrical Engineer	4,200

Total: \$ 19,160

TASK 2 – Update Design Survey

This task includes additional field surveying and mapping for the north side of the bus platform area and the property line area.

Gather additional topographic mapping information in the field	\$1,320
Data transfer and update base mapping	\$840

Total: \$ 2,160

TASK 3 - Coordination with SCE

This task includes coordination with SC Edison for electrical service. Task includes assistance to AVTA for the application for electrical power.

Total: \$ 2.640

TASK 4 - Grading Design Plan

This task includes the grading and drainage design plan. The plan includes pertinent design elevations of proposed facilities. This plan is part of the plans needed for construction and installation of the facilities. This plan also includes plans concerning the electrical trench to bring power to the transformer and meter. Coordination with the electrical engineering sub-consultant. Process plan for Agency approval.

Total: \$ 13,200

TASK 5 - Electrical Design Plan

This task includes the electrical design plans for construction of the electrical improvements. Electrical coordination with SC Edison. Process plan for Agency approval.

Total: \$ 11,500

TASK 6 – Project Bid Specifications and Engineer's Estimates

This task includes electrical and civil specifications and Engineer's construction Estimate to support the bid documents.

Total: \$ 21,500

Job No. 14-6366-08

Page 3

TASK 7 - Horizontal Control plan

This task includes a horizontal control plan for specific detailed dimensions for construction layout of proposed facilities.

Total: \$ 4,600

TASK 8 - Erosion Control Plan

This task includes the plan for erosion control measures. Plan shows vehicular access to the construction area, concrete washout area, equipment staging area and temporary construction office trailer, if any.

Total: \$ 3,680

TASK 9 - Bid Assistance and Construction Management

This task includes assisting AVTA in the bid process. Construction time is estimated at 6 months. This includes the following tasks:

Tasks included for Bid Assistance include:

Preparation of pre-bid meeting Agenda

Presence at the pre-bid meeting.

Writing addenda or amendments to the bid package.

Reviewing contractor bids.

Recommending lowest Qualified Bidder to AVTA.

Tasks included for Construction Management include:

Preparation of pre-construction meeting Agenda.

Presence at the pre-construction meeting.

Review and respond to contractor RFI's.

Contractor Schedule review and periodic site visits to review progress.

Review and recommend contractor pay requests for payment.

Final walk-through with contractor.

Produce punch list and insure project completeness.

Monitor acceptance testing.

Review and approve final close-out documentation.

Recommend acceptance of project to AVTA.

Total: \$ 25,800

TASK 10 - Construction Surveying

This task includes construction surveying in support of the proposed construction.

Electrical conduit staked along east portion of project at 50-foot intervals 660

Transformer Pad & meter staked with single offsets to corners of pad 220

Electrical equipment staked with offsets to corners of charging pads, Primary Electronics

660

Enclosure and Wired Charging Interface

Fence line staked at 50-foot intervals, angle point and point of connection to existing fence 660

Project coordination, calculations and provide plots and cut sheets to contractor 600

Total: \$ 2,800

TASK 11 - Material Testing and Special Inspection

This task includes the testing of soil samples for compaction curves. Task includes periodic sampling and strength testing of concrete. This task does not include inspection of electrical installations.

Soil sampling and compaction curves, testing compacted soils for compliance

12,000

Gathering concrete samples infield. Strength testing of concrete. Results reporting.

5,000

Total: \$ 17,000

TASK 12 - Traffic Control Plan and Coordination

This task includes preparation of an engineered Traffic Control Plan for the construction in the bus stop area. Process plan for Agency approval. This task includes coordination with the City and AVTA for temporary bus stop relocation.

Total: \$ 6,500

TASK 13 - Reimbursables

Budget amount for reimbursable items include copies, plots, postage, travel, etc.

Total: \$ 2,750

TASK SUMMARY

TASK 1 Coordination & Management of Design & Meetings	\$ 19,160
TASK 2 Update Design Survey	2,160
TASK 3 Coordination with SCE	2,640
TASK 4 Grading Design Plan	13,200
TASK 5 Electrical Design Plan	11,500
TASK 6 Project Bid Specifications and Engineer's Estimates	21,500
TASK 7 Horizontal Control Plan	4,600
TASK 8 Erosion Control Plan	3,680
TASK 9 Bid Assistance and Construction Management	25,800
TASK 10 Construction Surveying	2,800
TASK 11 Material Testing and Special Inspection	17,000
TASK 12 Traffic Control Plan and Coordination	6,500
TASK 13 Reimbursables	2,750
Total:	\$ 133,290

Tasks and activities specifically excluded:

Fire Department Plans Environmental Clearances Cultural and or Biological Studies Dust Control Plan

Billing will be on our fee schedule per our five year agreement and the hourly rates pertinent to this project are listed below:

Principal Engineer	160.00/hr.
Professional Engineer	
Professional Surveyor	120.00/hr.
Landscape Architect	120.00/hr.
Secretary/Administrative Assistant	45.00/hr.
Design Engineer	95.00/hr.
CAD Draftsperson	
1-man Survey Party	
2-man Survey Party	220.00/hr.
Travel/Mileage	
Bond Copies or Plots	7.00/sht.
Mylar Plots	20.00/sht.

DATE: May 26, 2015

TO: BOARD OF DIRECTORS

SUBJECT: Adoption of Proposed FY16 Business Plan and Short Range Transit Plan

RECOMMENDATION

That the Board of Directors adopt the Proposed AVTA FY16 Business Plan and Short Range Transit Plan ("Business Plan").

FISCAL IMPACT

The proposed FY16 Operating Budget balances revenues and expenses.

Operating Expenses reflect a decrease of \$113K (a change of .1%) from \$23.9 million shown in the FY15 Budget to the \$23.8 million figure shown in the FY16 Budget.

The proposed FY16 Capital Budget is \$13.8 million for electric bus fleet replacements, JARC-funded commuter expansion buses, depot and en route charging infrastructure for electric bus operations, fleet rebuild & refurbish funds and other capital expenses.

BACKGROUND

Since December 2014, staff has gathered data and performed analysis to develop the Proposed FY16 Business Plan. Budget assumptions and supporting documents were shared with TAC and the Board of Directors over the past several months. The Proposed FY16 Business Plan complies with the requirements of the Bylaws and ensures the best practices and fiduciary responsibilities of the Authority's budgeting function.

The proposed FY16 Business Plan includes the following key elements:

- An operating budget of \$23.80 million for both revenue and expenditures
- A capital spending plan of \$13.8 million with spending as follows:
 - o Six to eight electric bus fleet replacements \$5,178,000
 - o Two JARC-funded expansion commuter coaches \$1,425,000
 - o Depot and en route charging infrastructure for electric bus operations \$3,676,000
 - o Fleet unit engine rebuilding & refurbishing \$1,169,000
 - o Regional Partnership funds \$560,000

Adoption Proposed FY16 Business Plan May 26, 2015 Page 2

- o Support vehicles \$592,000
- o Other projects \$1,200,000
- \$863,000 from the capital reserve fund will be used as local match for electric bus purchases. This will result in a year-end capital reserve balance of \$5.0 million
- No increase in jurisdictional operating or capital contributions
- Fixed Route Revenue Hours no expansion planned for FY16.
 - o Local Transit 148,734
 - o Commuter Service 25,416
 - o Expansion will be planned as AVTA receives new grant funding.
- Dial-A-Ride Trips 33,000
- Service Provider Contracts on January 1, 2016:

Fixed Route: +3% Dial-A-Ride +1.5%

- Fuel \$4.25 per gallon (formerly at \$5/gallon) with an estimated 87¢ per gallon reserve. Fuel budget accommodates electric power cost for electric bus operations.
- Staffing level increased a net of 1 FTE: the wages and benefits for the transit engineer in the FY15 personnel plan was converted to consulting fees, while 2 Customer Service Representatives were added to the Marketing and Customer Service Department.
- Advocacy Funds assigned to this effort was expanded to \$194K and divided between Federal \$54K and California State efforts \$120K, plus \$20K in dedicated travel.
- Travel \$90K in total, including the advocacy travel listed previously. The balance of \$70 is for other Board and staff travel.
