

PROPOSED SERVICE CHANGES

as of 10/05/2026

Coming in 2027

New Proposed Service Changes *as of 10/05/26*

- AVTA conducted outreach on service changes from February 2026 through May 2026.
- Public Feedback was captured, evaluated, and presented to the AVTA Board of Directors.
- Due to increased operational costs and expected new contract costs in 2027, AVTA has released new proposed service changes scheduled for Q3 of 2027.
 - Service hours were further reduced
 - AVTA's proposed service schedules have been updated to reflect new run-times, trip frequencies, and stop times for both local and commuter routes

- On Route 3, service is extended from 55th Street East to 65th Street East
- Route 2 and Route 3 continue to interline at South Valley Transit Center.
- All current locations are still serviced.
- 60-minute frequency all days of the week.

5 Quartz Hill / Owen Memorial Park Proposed

- Extending Route 5 service to include Kaiser Permanente on Avenue L (Butterfly Building)
- Now serves BOTH KP Buildings in Lancaster.
- Extended service results in a frequency adjustment of 10 min. – from 70 min to 80 min headways (frequencies)

7

Palmdale Transportation Center / AV College Lancaster Campus

Proposed

- The route returns south to Palmdale at AVC Lancaster Campus.
- Extended the route to service the community along 40th Street West between Avenue J and K. (Behind AVC and currently not serviced)
- Service adjustment resulted in an improvement in frequency from 75 to 55 minutes

9

Quartz Hill / The Boulevard Transit Center Proposed

- The route returns west to Quartz Hill at the Boulevard Transit Center
- Service adjustment resulted in an improvement of frequency from 100 to 85 minutes.

11

Owen Memorial Park / Avenue J & 20th St E Proposed

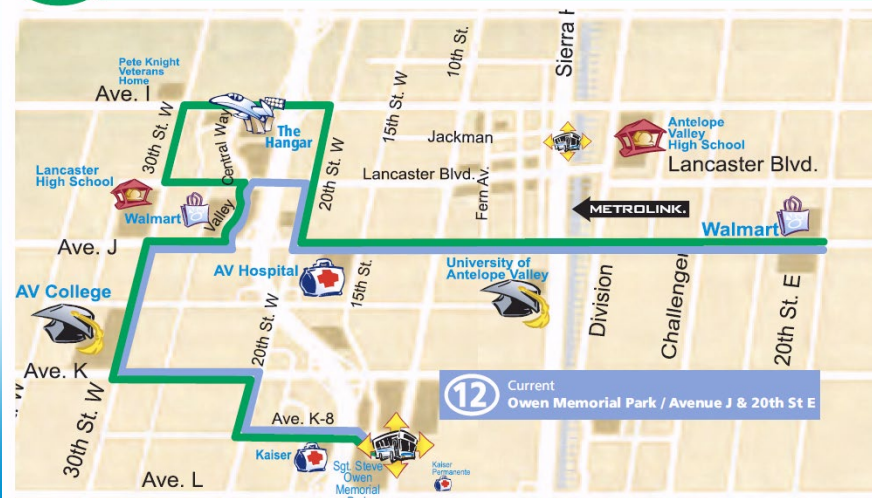

- Route 11 and Route 12 are interlined. In order to keep frequencies balanced, Route 12 now services the northwestern portion, formerly serviced by Route 11.

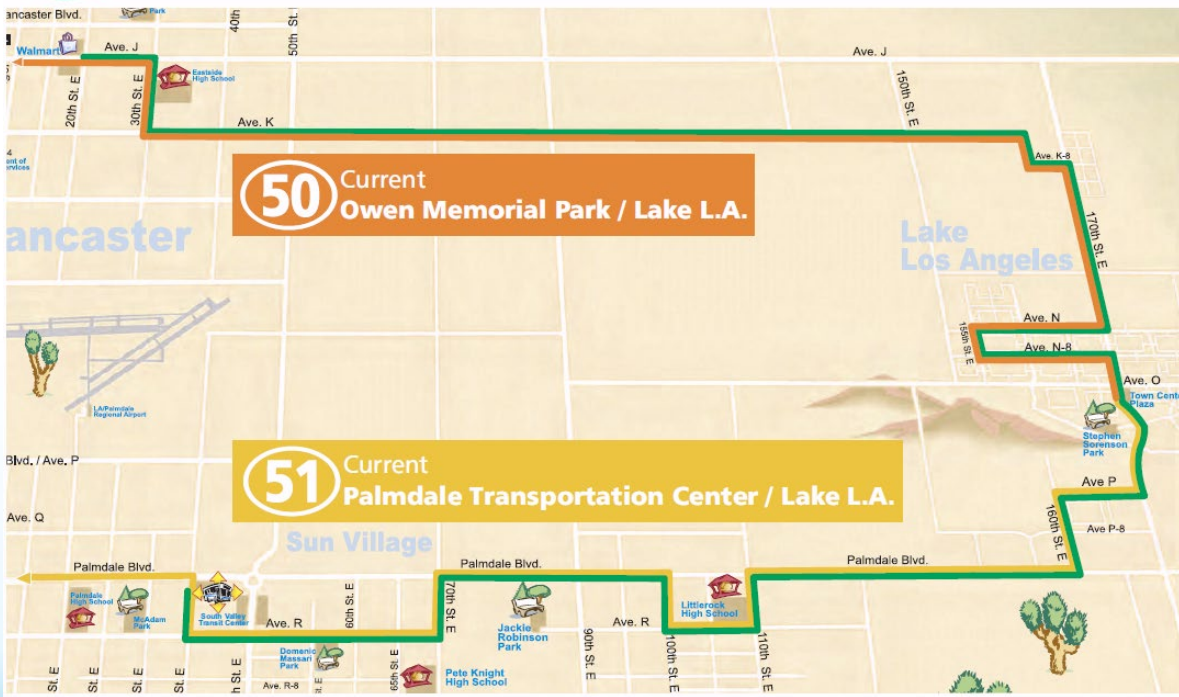

- All current locations are still serviced.
- Route headways changed to 60 minute frequency.

12

Owen Memorial Park / Avenue J & 20th St E Proposed

19 Lancaster / Lake L.A. / Palmdale Proposed

- New Route: Route 19 is the combination of Routes 50 and 51.
- Route 19 service returns East towards Lake Los Angeles at Avenue J and 20th East. Routes 4, 11, and 12 are available to continue into Lancaster.
- Route 19 service returns East towards Lake Los Angeles at South Valley Transit Center. Routes 1, 2, and 3 are available to continue deeper into Palmdale.
- Connection to Route 52 at South Valley Transit Center is maintained.
- Route 19 frequencies are improved to 90 minutes from the current wait of 2 hours and 20 minutes.
- Route 19 is designed to connect with early morning Metrolink and AVTA Commuter Routes during weekdays.

Other Notable Changes:

- The frequency in all local routes was adjusted.
- Service span (starting and stopping times) on all local routes have some minor changes. See specific route schedules for details.

Changes to Commuter Routes

- There were no route path changes, the destinations or service areas to Routes 785, 786, 787 and 790.
- Some commuter routes will reduce by one roundtrip to match with passenger volume:
 - Route 785 will have six trips on weekdays
 - Route 786 will remain at four trips on weekdays
 - Route 787 will have six trips on weekdays
 - Route 790 will continue with two trips on weekdays
- Route 786 will no longer have a bus stop at VA Hospital. All trips will follow the same path.
